

# WEEKLY DRAGON TALES

March 7, 2025

Living the Langdon LAIR life

Hello Langdon school families,

It's time to get out the rubber boots! With the beautiful weather, the fields have turned a bit sloppy. It's funny how mud and puddles are magnets for elementary students. Please ensure students have a change of footwear during this unpredictable time of year.

Since students did such a great job fundraising for the Heart and Stroke Foundation, they got to dress up the staff today. I saw Disney characters, rap stars, influencers, a unicorn and dragon, and maybe the odd politician...Thanks to the staff for being great sports!

I want to thank Mr. Legault and Mrs. Russell for taking care of the office and leading the school while I was at an education conference this past week. Schools are busy, complex places so it can be overwhelming to come back! I am grateful for their hard work and support. I was fortunate to be able to attend a variety of sessions such as Lego and science, AI in the classroom, student journalism, helping kids who are dealing with grief, and education in politically charged times.

## **Assessment at RVS: Understanding Provincial and Divisional Assessments**

Rocky View Schools is sharing a series of articles on the division website regarding assessments: the process of gathering data about student learning. This information is intended to help provide greater insight into why and when assessments are done and encourage ongoing communication between teachers and families to support student success.

[Read the first in the series this month, touching on understanding provincial and divisional assessments.](#) Watch for more in this series throughout the spring.

Enjoy the weekend,  
Shannon Storey

### **Coming up:**

**Mar. 9** – Daylight Savings
