Living the Langdon LAIR life

Hello Langdon school families,

What a fun (and sometimes chaotic!) wrap up to the school year! The grade 8 Farewell was a success and a lot of fun. We are so appreciative of everyone's help, including Society for their financial assistance to make it possible! The Awards day is always a highlight of the year. It is important to recognize the hard work and dedication of our students. Congratulations to those who reached their goals this year. (***Our award winners are listed below.***)

The Spring Concert and Langdon's Got Talent videos are now available at the following link:

Carnival Day was a hit. The leadership students never cease to amaze me with their planning and facilitating of cool activities. They contribute so much to our school culture. It was a great way to end the school year. Thank you to Susanne Moskal, all the staff and the parent volunteers for ensuring things ran smoothly yesterday.

Every year we usually need to say goodbye to staff members. I would like to wish Kevin MacLeod, Sarah Odenbach and Winnie Seidu all the best in their future endeavours. Thank you for being a part of Langdon School this past year.

We are happy to welcome Mrs. Donahue back from her maternity leave in August.

I am going to speak from the heart for a moment.

A mentor told me that year 3 is the one where a principal starts to find the "groove" and she wasn't wrong. Will I make mistakes sometimes? Sure. Will I need help or need to seek out answers to unknown or unique circumstances? Absolutely. But while my first two years here at Langdon School felt at times like I was treading water, this past year it has turned into a second home. I have genuine joy coming to work every day. I am grateful to you for sharing your children with us, for showing up and for being our school's biggest cheerleaders. I have an incredible team of colleagues who look out for each other and continue to give their all during the most challenging times. I am so proud of our students for their enthusiasm, leadership, kindness and adaptability. I extend my deepest thanks to all
