LANGDON SCHOOL'S INTERNET ACCEPTABLE USE CONTRACT

Rocky View School Division's Internet Service has been established to advance and promote innovation in education throughout the Division. With this in place, a major goal is to promote the use of new technologies and the pursuit of educational excellence in Rocky View Schools.

Students at Langdon School will have the opportunity to learn how to use the Internet as part of their Computer Studies. Currently, instructional and library media materials are screened by educators prior to use. However, despite filtering by Rocky View, telecommunications such as Internet provide access to a wide variety of publicly available files around the world. Potentially, this can open classrooms to electronic information resources which may not have been screened or filtered by educators for use by students in specific age groups.

It is our intent that students using the Internet will always have adult supervision. Nonetheless, it is essential that everyone involved is aware of the necessity for responsible use of this technology.

Therefore, we ask parents and students to discuss this contract and sign the attached declaration.

- Students are responsible for good behavior on computer networks, just as they are in the classroom, library or school grounds. The School Behavior plan applies to all areas of Langdon school life.
- Students should be aware that the following activities are **PROHIBITED** while using the network:
 - wasting time "surfing" instead of completing assigned research
 - surfing in areas not obviously connected to the assigned research topic
 - sending or displaying offensive messages or pictures
 - using obscene language
 - harassing, insulting or attacking others
 - damaging computers, computer systems or networks
 - violating copyright laws
- **CONSEQUENCES**
 - abusing the privilege of internet access will result in loss of usage
 - if necessary, additional disciplinary action may be determined at school level
 - when applicable, law enforcement agencies may have to be involved

If you would like further information, please contact the Principal at school at 936-4579.
