School Info was given by Norm:

- A memo was sent out today that masks and tests finally showed up at the school and were going to be distributed on Jan 26th.
- New teachers and assistants to the school
- Lots of grade 4/5 students so they split the grade 4's into 2 smaller groups and split the grade 5's into 2 smaller groups which makes a better teacher to student ratio
- \$500 grant- parent resource workbooks were requested by the CDA's at the school.
- Was Grade 6 basketball still a go for this year? There will be 2 tournaments and by the end of next week there should be an email going out about grade 6 basketball.
- There will be new School Council and School Society Rules and Regulations coming into play in the near future. More info to come on that.
- School Council does not deal with any type of finances. We can not sign Legal documents therefore we can not own a bank account.

\$500 Grant Discussion and suggestions:

- Books or workbooks for parents.
- Workshops for parents to learn to manage behaviors in their kids.
- Online safety courses for parents.
- ASCA has some programs for parents. They are about \$200/each. Can look through those and see if any would be good for our parents.
- I Got Mined workshops were brought up as an option as well.
- How to bridge the gap between our children struggling through this pandemic. People are feeling separated even in their own friend groups.
- Anything to help us parents help our kids get through school during the pandemic.
- Healthy relationships and helping our children just to learn to breath and find peace instead of stress.

- Book Club for parents.
- Pool money with other schools to make the money go further.

New Business:
